

Species A, directed to a process using temperature control in a trap;
Species B, directed to a process using power to heat the filament; and
Species C, directed to a process using chemical action.

Applicants hereby provisionally elect Species A, with traverse. Claims 1-11
read on the elected species.

Applicants' undersigned attorney may be reached in our New York office by
telephone at (212) 218-2100. All correspondence should continue to be directed to our
address given below.

Respectfully submitted,

Jason M. Okun
